pened to be running, the Tempe manager of the Gazette indicated that it was due to the fact that the former manager, W. D. Britton, had failed to notify the office of the nature of the ad. The business office presumed that the ad was that of a hotel, not a saloon. In various ways it was intimated that the fault lay with the former manager, and that immediately upon learning of the nature of the ad. It was ordered cut out by the Gazette management.

It so happens that Mr. Britton is now the manager of the Tempe department of the Democrat and on the question of his having failed to give notice of the nature of the ad in question, he replied in Saturday evening's paper in this manner:

"The representative that unintentionally neglected to inform the business manager of the Gazette as to the nature of the business being advertised in the ads is the writer of this article. The advertisement reads so plainly speaking of the goods that are sold, that it seems absurd and childish to place the blame on the Tempe representative, who was never at any time instructed to cancel any saloon ads or given instructions not to solicit any. The ad referred to which up to yesterday was carried in the Gazette, read as follows: 'The Tempe House carries standard goods—best whiskies, finest wines, clean cold beer, canned the best.' This distinctly and plainly tells any one who reads it that the place of business is not a bakeshop or a grocery store."

The proprietor himself ordered the ad taken out of the Gazette the first of the month, and was not requested to have it discontinued, as was inferred in the article.

The business manager gave orders to have it cut out because it was ordered out, the advertiser not being spoken to concerning the annulling of a contract.

### "FOLEY KIDNEY PILLS HAVE CURED ME."

The above is a quotation from a letter written by H. M. Winkler, Evansville, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost all strength and ambition; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man. Foley Kidney Pills have cured me." Elvey & Hulett, Quality Druggists.

### RIDICULOUS IDEA OF RECKLESS DRIVING

J. A. Ahlquist was much excited yesterday over the appearance in the Mesa department of this paper of a story that plainly reflected upon him as an automobile driver. "The statement that I was driving at a reckless rate of speed with my hands off the steering wheel, is an absolute falsehood," said Mr. Ahlquist. He added that the way his car was geared for the Globe trip it was not possible for it to run at over thirty or thirty-five miles an hour. Other members of the party verified this and said that at no time did they regard the car as their lives as being endangered or the machine being run at a rate of speed inconsistent with the condition of the road and the travel on it.

Mr. Ahlquist suspects that the article in question emanates from the occupants of a rig the party passed this side of Goldfield. In turning out past this rig the machine encountered a piece of road so rough that the car was jolted off, but he ridicules the idea that at any time the car was running at an unreasonable rate or was unmanageable.
